

**St. John's Primary  
Bligh's Lane  
Derry**

**A Policy for Road Safety Education  
2026**

**“Learning Together Growing Together”**

## **MISSION STATEMENT**

At St. John's Catholic, Primary School (PS), we provide a happy, nurturing, inclusive, learning, environment which delivers high quality outcomes and life-enriching experiences. We embrace diversity and encourage all to respect the environment and develop the confidence and digital skillset required to contribute to society and the local and global economy. We work collaboratively with parents/carers and community partners to promote the social, emotional, intellectual, and spiritual well-being of each individual, thereby enabling our school family to 'Learn Together' and 'Grow Together.'

## **INTRODUCTION**

The ethos of St. John's Primary School centres around the maintenance of a safe, stable and caring learning environment in which children, parents and staff work together to develop self-respect and respect for others. This policy document reflects the aims and objectives of this school, taking account of the guidance received from DOE Road Safety Education Officers. The school has consulted with staff, parents and governors.

## **MORAL AND VALUES FRAMEWORK**

At St. John's PS, we value all of our children equally. We recognise the challenges of modern life. The school will strive, in partnership with those in parental responsibility, to educate children in the proper and safe use of roads, promoting safe behaviour and practice as well as an attitude that respects those dangers which will be encountered on or near roads.

The school acknowledges the diverse backgrounds of its children and that they will, therefore, be faced by a wide variety of risks. Since perception, expressive language and understanding are critical to this, "life skill" lessons will endeavour to meet the needs of children particularly challenged in these areas.

Given this situation, one of the focuses of the school's Road Safety Education Programme will be to encourage all of our children to develop their self-esteem and confidence to enable them to make critical and informed decisions regarding road safety now and in later life.

By teaching Road Safety Education, our children will be ill-equipped when confronting the many issues and situations which arise on or near our roads.

The general aim of education is to contribute towards the development of all aspects of the individual, including the aesthetic, creative, critical, cultural, emotional, intellectual, moral, physical, political, social and spiritual development for personal and family life, for working life, for living in the community and for leisure.

Road Safety Education is clearly a vital part in this aim.

## **KEY AIMS OF THE ROAD SAFETY EDUCATION PROGRAMME**

- To place the child at the centre of a programme that helps them to understand the impact of road safety upon their lives;
- To equip children with the skills, knowledge and attitudes necessary to make informed choices and decisions about their own behaviour as pedestrians, passengers or cyclists on or near roads;
- To encourage parental responsibility;
- To make children aware that actions have consequences and that their behaviour should reflect this;
- To help children develop respect for themselves and others by encouraging positive role modelling within the school environment through peer support strategies;
- To enable children to communicate their views and feelings about road safety using appropriate language;

- To develop self-confidence and awareness in children so that they can give correct information and cope adequately with inaccurate information and detrimental peer pressure; and
- To engage children in risk assessment exercises relating to road safety issues in hypothetical and real, locally based situations.

### **Background information**

Primary school age deaths and serious injuries in our province fall into the main categories of: -

- ❖ Pedestrians
- ❖ Passengers in vehicles
- ❖ Cyclists
- ❖ Electric bicycles/scooters

St. John's Primary School will endeavour to make its contribution to community efforts aimed at reduction of road related child deaths and serious injuries through the NI Road Safety Strategy.

### **THE ROLE OF ROAD SAFETY EDUCATION**

This school acknowledges that Road Safety is of prime importance to everyone connected with the school and the community it serves.

Rule 7 of "The Highway Code" clearly identifies those with parental responsibility as being responsible for the task of deciding upon young children's Road Safety readiness. Road Safety is, therefore, primarily influenced by: -

- ❖ Parents
- ❖ Parental attitudes
- ❖ Children's experiences at home

In recognition of the important role of those with parental responsibility, this school encourages all parents to take time to walk with their young children, to the shops, for example, and to model responsible pedestrian practices.

At St John's PS, we believe that it is important for parents and their children to realise that their behaviour has implications for themselves and others.

### **ORGANISATION OF THE ROAD SAFETY EDUCATION PROGRAMME**

Road Safety Education will be taught across the curriculum, but mainly through The World Around Us (TWAU), Religious Education, ICT, Art and Personal Development and Mutual Understanding (PDMU).

Although specific topics such as Cycling Proficiency will be addressed, (as set out in the school's curricular framework), road safety is best addressed through a combination of subject specific and cross curricular approaches. This approach will ensure that Road Safety Education is a regular and normal part of a child's education.

Staff will use a variety of teaching strategies and approaches which incorporate the use of all of the children's senses. Tasks and experiences will be in keeping with the maturity of children whilst taking particular account of the mobility, visual and auditory needs of all children in practical situations.

Class teachers will deliver most of the Road Safety programme. Occasions will arise, when the expertise of outside agencies and other professionals will be used: - Road Safety Education Officers and SUSTRANS for cycling proficiency and pedestrian skills.

Teachers are encouraged to base as much Road Safety teaching as possible on existing schemes and topics and to include practical sessions in the school's locality.

### **STAFF TRAINING**

St John's PS recognises the need to develop whole staff awareness of our children's needs and strategies for ensuring that those needs are met. As issues and opportunities are identified, staff will engage in training for Road Safety Education.

### **EQUAL OPPORTUNITIES**

The school will seek to ensure that the Road Safety Education programme is relevant and accessible to children, regardless of age, culture, disability, gender, religion or social class.

In respect of Road Safety Education, we will ensure that children from rural/farming locations and those from residential areas have all got valuable lessons to learn from our programme.

All children will be taught together through lessons appropriate to their age and development.

### **EVALUATION**

Review of Road Safety Education procedures and provision will take place after the first full year of implementation and thereafter as required.

### **MONITORING, EVALUATION & REVIEW**

This policy will be reviewed in 2029 or in line with new legislation/recommendations.

(Chairperson of the Board of Governors)

(Ratified at Board of Governors' meeting)

## APPENDIX 1

### Proposed Line of Development : Main Aims : St. John's Primary School

Before they leave Primary School, most children in our care should know: -

<b>Road Elements</b>	<b>Safety</b>	<b>Foundation Stage/Early Years</b>	<b>Key Stage 1</b>	<b>Key Stage 2</b>
<b>Pedestrian Skills</b>		<p>that it is always best to hold hands with a known adult when near roads</p> <p>the importance of staying well away from machinery on farms, building site, grass cutting, bin lorries etc</p>	<p>the language and skills necessary to co-operate with adults who help keep us safe on / help us to cross roads</p> <p>"Be Safe, Be Seen"</p>	<p>how to best apply the "Green Cross Code"</p> <p>about the challenges they might meet on rural and urban roads</p>
<b>Passenger Skills</b>		<p>how to behave safely in cars, buses and trains</p> <p>the importance of using special seats and/or straps when travelling in cars, buses and trains</p>	<p>the skills necessary for safe travel in cars, buses and trains e.g. how to fasten seat belts, waiting, boarding, disembarking etc.</p> <p>why tractors etc are dangerous</p>	<p>safe ways to board and disembark from all types of home - school transport</p> <p>how to be able to exercise appropriate road crossing after disembarking</p>
<b>Risk Identification/ Hazard Control</b>		<p>that roads and traffic can be very dangerous and that there are safer places to play that there are special people who help us near roads</p> <p>what is meant by "dangerous"</p>	<p>that it is best to have help when crossing roads</p> <p>the importance of wearing a suitable cycle helmet</p> <p>that they can spot "dangers "for themselves by looking, listening etc.</p>	<p>how conspicuity might reduce road collisions</p> <p>the basic safety rules regarding machinery on farms, roads, railways etc.</p> <p>what hazards and risks are, and carry out simple risk assessments</p>
<b>Cycle Training</b>		<p>how to, with assistance to put on and wear a cycle helmet</p>	<p>which are the safest places for riding junior bikes etc.</p>	<p>how bicycles are best maintained and ridden</p>

## **APPENDIX 2**

At St. John's Primary School we are children who: -

- ❖ Enter the car park only when a parent or teacher is present;
- ❖ Open school gates only with permission;
- ❖ Know that in Year 1 - Year 4 we wait for our carers to collect us at the school door;
- ❖ Line up quietly and follow the teachers' and drivers' instructions when leaving school by taxi, car or bus;
- ❖ Help our friends or younger children when they are near roads;
- ❖ Ask known adults for help when we are on or near roads;
- ❖ Know that the wearing of seatbelts, where available, is the safest way to travel on all school related outings whether in buses, taxis or cars;
- ❖ Always stay behind the leading teacher and in front of the rear guard when walking on school visits or outings;
- ❖ Wait patiently for balls, hoops, bean bags etc. which have escaped to the road or neighbouring property to be retrieved by a member of staff;
- ❖ Bring bicycles on to school grounds only if we are wearing suitable cycle helmets; and
- ❖ Dismount our bicycles at the pedestrian gate and walk them to the cycle park provided and repeat this procedure when leaving school.

## **APPENDIX 3**

### **ROAD SAFETY PROBLEMS SPECIFIC TO OUR SCHOOL**

The Governors appreciate the efforts of parents and staff whose care and consideration help to maintain a safe environment for the whole school community at St. John's Primary School.

All Governors, Parents, Teachers and Children should, however, be aware of the following:

- ❖ The dangers present at "Arrival and Home Times" when the parents / carers collect or leave children off especially as there are limited parking facilities available at the school currently;
- ❖ The importance of parking clear of the school entrance gates and complying with other traffic arrangements designed to maintain the safety of children at St John's Primary School;
- ❖ The dangers of children being on the school premises in the mornings before normal arrangements for supervision are in place;
- ❖ The necessity for children to be collected punctually at the end of the school day and supervised appropriately thereafter;
- ❖ The danger associated with electric scooters;
- ❖ The implications for unsecured children in cars involved in road traffic accidents; and
- ❖ The importance of encouraging children to use school crossing patrols in place on routes to / from school.
